ADD A LASER-INTERACTIVE DIMENSION TO EVERY GOLF SIMULATOR.

 **LEADERBOARD**

Competition that keeps guests coming back

Live rankings turn every session into a shared challenge.

Players instantly see their names climb – driving replay, rivalry, and fun.

 **LASER TARGETS**

Precision meets play

Aim, react, and compete through laser-responsive challenges.

Instant feedback, light, and sound turn every swing into an event.

 **EASY SETUP**

Plug-in ready for any golf simulator

Works seamlessly with TrackMan, Full Swing, Foresight, and others.

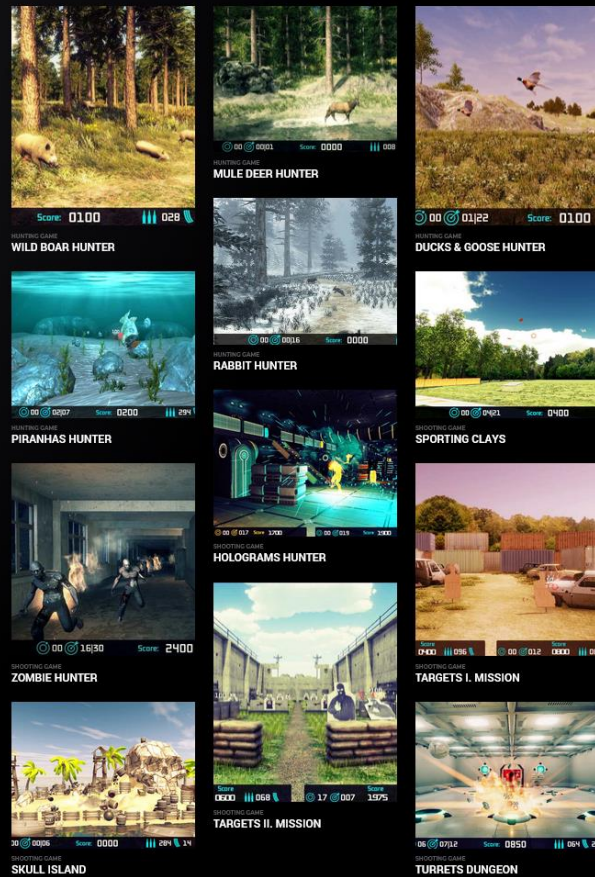

Install once, calibrate in under five minutes – and start engaging players instantly.

COMPATIBLE WITH ALL MAJOR GOLF SIMULATORS

Already live across golf venues — proven, tested, loved

Bring energy, light, and friendly competition into your venue

PLAY. COMPETE. REPLAY. - UP TO 20 GAMES

Built for endless interaction.

IMMERSIVE GAMEPLAY

Every move and hit matters. Your simulator becomes a reactive playground – lights, targets, and instant feedback.

FAST-PACED ACTION

Quick, energetic challenges that spark friendly competition. Perfect for groups, warm-ups, or off-course fun.

TEAMWORK IS KEY

Play together or go head-to-head. Built for laughter, rivalry, and that *one more game* moment.

GOLF SIMULATOR ADD-ON
